TITLE: TRIAZOLE DERIVATIVES WHICH INHIBIT VASOPRESSIN ANTAGONISTIC ACTIVITY	:	

Mail Stop: Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

PETITION UNDER 37 C.F.R. §1.182

Applicants respectfully submit a petition for revival of the above-captioned international application. Applicants previously submitted a petition for revival of this application under 37 CFR 1.137(b) on August 9 2006. However, Applicants inadvertently identified the application by an incorrect title in that petition, and by an incorrect title and serial number in the accompanying Transmittal Letter (PTO-1390 form). These informalities were noted in the USPTO mailing of September 27 2006, which requested a petition under 37 CFR 1.182 to correct the above discrepancy.

Applicants submit that the correct title of the application is "TRIAZOLE DERIVATIVES WHICH INHIBIT VASOPRESSIN ANTAGONISTIC ACTIVITY" and that the correct serial number is PCT/IB05/000079.

Accordingly, Applicants are submitting this Petition under 37 CFR 1.182 together with a new Transmittal Letter with the correct Application title and serial number, an updated Application Data Sheet with the correct Application title, and a copy of the non-provisional application with the correct Application title on the front page and the abstract.

The Commissioner is also hereby authorized to charge any fees required under 37 C.F.R. §§1.16 and 1.17 or to credit any overpayment to Deposit Account No. 16-1445. Two copies of this paper are enclosed.

Date: October 11, 2006
